Certificate of Learning

This certificate is awarded to

Esha Zaman

for demonstrating active learning in the short course on

BIOINFORMATICS COURSE 201

This course covers bioinformatics fundamentals, DNA sequencing technologies, codon and protein coding identification, comparative genomics, exploration of gene families and functional annotation across species, whole genome/exome alignment for detecting genomic rearrangements associated with diseases, and whole genome/exome phylogenetics for evolutionary insights.

Oluwaseyi Olawale
Founder and CEO, Genomac Holdings

Seun Agboola
Director, Genomac Institute Inc.
